Grace Student Ministries

### Scholarship Policy

The purpose of our scholarships is to provide assistance to those who would not otherwise be able to attend GSM sponsored camps, retreats, and trips. Assistance is normally granted on a partial basis as need is determined. It is expected that each applicant will contribute towards the cost of the event to the extent of their ability or at least the non-refundable deposit amount. It is our hope that everyone who applies will be granted assistance. While assistance may be available later, the opportunity may be missed if the form is turned in later rather than sooner.

The general budget from the student ministry at Grace Church makes up the majority of the scholarship fund however, any individual is welcome to make a tax deductible donation towards the GSM Scholarship Fund as well. Please complete this form and return it to the church office.
